Why Choose Us?

Quality & Selection

With over 30,000 plants available in the spring, we have everything you need to start planning your landscape. Our plant selection is sourced from reputable growers and carefully monitored by our Plant Care and Wellness Team, so you can feel confident knowing your plants are happy and healthy!

Knowledgeable Designers

Black Forest Nursery has been designing gardens for over 40 years. From rock gardens and privacy screens to orchards and pollinator gardens, we can design a plan that fits your vision. Our dedicated designers will be with you every step of the way to create a dream garden that you'll enjoy for years to come!

Installation & Delivery

Our full-service Installation Team works alongside our designers to bring your design to life. They'll have all the necessary tools and materials and will provide detailed education on caring for your plants to ensure they thrive in their new home!

Design Appointments

Meet with us at the Nursery

Sit down with a designer for a one-on-one appointment at the nursery. Schedule a meeting at the nursery with a \$200 deposit which is credited towards your future purchase of plants. Upon scheduling, your designer will provide you with a checklist to identify key details about your garden. During your 1-2 hour appointment, we will review the information you've gathered, walk through the nursery to choose plants, and work together to create a design tailored to your landscape needs!

~ OR ~

Meet with us at your property

Have a designer come to your property and gather information for you. Our designers will travel to you for a 1 hour appointment to take photos, measurements, and analyze your site conditions for a \$200 fee plus a travel charge based on your location within our consultation range. This includes a \$100 deposit which is credited towards your future purchase of plants. Following the initial appointment, we will create a plan for your garden and review the design at the nursery with you!

Ready to Get Started?

Schedule an appointment

Schedule a time to meet with a designer at the nursery or your property by scanning the QR code. You can also find a link for scheduling and more information under the services page on our website: BlackForestNursery.com
